A

Abdominal pain, guided imagery treatment for — 527

Abuse: domestic violence screening — 599

Acanthosis nigricans — 835

Acrodermatitis enteropathica — 187

Adolescents
- athletes' mental and general health problems — 697
- Female Athlete Triad — 561, 573
- obesity: physician attitudes and practices — 235
- opinions on medical marijuana — 547
- pneumomediastinum in football player — 471
- risk behavior screening — 173
- risk factors for initiation of smoking — 653

Adoption, international
- and developmental status — 585
- and medical screening — 763

Adrenal insufficiency, primary, masking diabetes — 75

Aggression: violence prevention program — 789

Albuterol and ipratropium for asthma — 127

Alopecia and Satoyoshi syndrome — 745

Anemia: sickle cell disease management — 753

Antibiotics
- and normal throat flora in streptococcal pharyngitis — 447
- for purulent rhinorrhea — 433
- for *Shigella* bacteremia — 411
- for streptococcal tonsillopharyngitis — 219, 519, 663
- and upper respiratory infections — 113

Aplasia cutis congenita — 379

Appendicitis diagnosis using imaging — 23

Asthma
- and environmental tobacco smoke — 775
- ipratropium and albuterol — 127
- severity assessment in outpatient clinics — 121

Ataxia, post-infectious acute cerebellar — 581

Athletes
- Female Athlete Triad — 561, 573
- mental and general health problems — 697
- pneumomediastinum — 471

Attention-deficit/hyperactivity disorder (ADHD)
- clinical and parental assessment of sleep — 807
- and methylphenidate exposure — 159
- psychosocial factors and medications — 497

Autoimmune polyglandular syndrome type 2 and diabetes — 75

B

Back pain in pneumonia — 749

Bayley Scales of Infant Development — 427

Bedwetting, treatment of — 273, 841

Behavior modification for overactive bladder — 553

Behavioral problems/interventions
- and bedwetting — 273, 841
- neonatal behavioral characteristics and later problems — 679
- nutrition and picky eaters — 209
- parents' evaluation of developmental status — 133
- risk behavior screening in adolescents — 173
- violence prevention program, multimedia — 789
- working with challenging young children — 197

Bicycle helmet safety — 673

Bladder, overactive — 553

Bleeding disorders: preoperative screening — 247

Blood pressure screening at well child visits — 627

Breast-feeding
- and drug adverse effects — 325
- mental and psychomotor development — 35
- nutritional rickets in — 711

C

Cardiac repolarization and SIDS — 67

Carotid arteries: Moyamoya disease — 281

Cat scratch disease and corticosteroids — 71

Cephalexin *vs.* cefadroxil for tonsillopharyngitis — 519

Chlamydia trachomatis causing conjunctivitis — 83

Churg-Strauss syndrome in infancy — 367

Clostridium difficile-associated diarrhea — 347

Coagulation profiles and perioperative bleeding — 247

Cognitive Adaptive Test/Clinical Linguistic and Auditory Milestone Scale — 427

Cognitive development and breast feeding — 35

Cognitive interventions and congenital heart disease — 401

Colonic atresias and congenital varicella syndrome — 451

Communication disorders, evaluation and diagnosis — 1

Community health center: missed vaccine opportunities — 147

Complementary medicine
  culture and spirituality — 205
  herbal medicines — 193

Computed tomography for diagnosting appendicitis — 23

Computerized tracking system for immunizations — 603

Congenital anomalies/diseases
  congenital pulmonary lymphangiectasis — 831
  congenital varicella syndrome — 451
  cystic lung disease — 251
  heart disease and academic outcome — 401
  hypothyroidism — 365
  lesion in giant congenital melanocytic nevus — 455

Conjunctivitis caused by *Chlamydia trachomatis* — 83

Constipation
  chronic, treatment of — 815
  and detrusor instability — 43

Consultations
  Internet-based, echocardiographic — 185
  reappraisal of — 277

Corticosteroids
  and cat scratch disease — 71
  and vertebral fractures — 353

Craniopharyngioma and precocious puberty — 181

Culture, complementary medicine and spirituality — 205

Cystic lung disease, congenital — 251

D

Dehydration
  accelerated IV therapy for — 317, 421
  with hypoglycemia and AGE — 641

Dermatomyositis, juvenile — 375, 459

Development. *See also* Growth
  ability to assess from video reviews — 585
  behavioral and emotional problems — 133
  congenital heart disease and academic outcome — 401
  continuing care of NICU graduates — 299
  craniopharyngioma and precocious puberty — 181
  drug exposure *in utero* and school readiness — 727
  identifying children with developmental delays — 427
  language skills of 3-year olds — 165
  neonatal behavioral characteristics and later problems — 679

Diabetes mellitus
  and autoimmune polyglandular syndrome type 2 — 75
  and juvenile dermatomyositis — 459
  risk factors for ketoacidosis — 591

Diarrhea, *Clostridium difficile*-associated — 347

Domestic violence screening — 599

Drug adverse effects
  in breastfed infants — 325
  herbal medicines — 193
  medication errors — 287
  methylphenidate exposures — 159

Drug exposure *in utero* and school readiness — 727

Duchenne muscular dystrophy, vertebral fractures in — 353

Dyspepsia and gastric emptying studies — 621

Dysphonia, evaluation and diagnosis — 1

E

Eating disorders: Female Athlete Triad — 561, 573

Echocardiographic consultation, web-based — 185

Education. *See also* Learning problems
  consultation in a university hospital — 277
  and missed vaccine opportunities — 147

Emergency department
  identifying risk factors for initiation of smoking — 653
  laboratory tests and unprovoked seizures — 511

Emotional problems and developmental status — 133

Empyema, intracranial epidural — 657

Encephalomyopathy and mitochondrial disease — 703

Encopresis: long-term PEG therapy — 815

Enteroviral infection with disseminated intravascular coagulation — 467

Epidural brain abscess and osteomyelitis — 657

Epilepsy: apparent life-threatening episodes as first manifestation — 19

Epiphysis, slipped capital femoral — 439

Epstein-Barr virus mononucleosis — 361, 417

Erythropoietic protoporphyria — 827

Ethics of withdrawing nutrition and hydration — 139

Ethnicity and otitis media — 687

Exercise and obesity prevention — 101

F

Family. *See also* Parents
- domestic violence screening — 599
- psychosocial factors in ADHD — 497
- psychosocial problems and thalassemia — 79

Fever management: evidence-based decisions — 383

G

Gamma globulin, IV, for Kawasaki disease — 269

Gastric emptying studies and dyspepsia — 621

Gastroenteritis, acute, with dehydration and hypoglycemia — 641

Gastroesophageal reflux, formula for — 483

Genetic disorders
- acrodermatitis enteropathica — 187
- Duchenne muscular dystrophy — 353
- erythropoietic protoporphyria — 827

Gonadotropin releasing hormone analog therapy and height — 59

Growth. *See also* Development
- height and growth hormone therapy — 59
- influence of breast-feeding — 35
- and maternal smoking during pregnancy — 533
- oral supplements and catch-up growth — 209

Guided imagery for recurrent abdominal pain treatment — 527

H

Heart rate and obesity — 505

Hemangioma diagnosis and treatment — 475

Herbal medicines — 193

Herpes infections on lips — 475

Hospitalists — 295

Hospitals and medication errors — 287

Human growth hormone therapy and height — 59

Hyperbilirubinemia and congenital hypothyroidism — 365

Hypercalcemia with primary hyperparathyroidism — 439

Hyperparathyroidism, primary with hypercalcemia — 439

Hypnotherapy for bedwetting — 273, 841

Hypoglycemia complicating dehydration due to AGE — 641

Hypothyroidism, congenital, and hyperbilirubinemia — 365

I

Imaging, diagnostic, in appendicitis — 23

Immigrant children, medical screening of — 585, 763

Immunizations
- clinical evaluation of Pediarix — 393
- computerized tracking system for — 603
- missed opportunities in community health center — 147
- vaccine interchangeability — 93
- varicella vaccine for physicians' children — 635

Impetigo diagnosis and treatment — 475

Incontinence patterns — 43. *See also* Urologic problems

Infants. *See also* Breast-feeding; Neonates
- acrodermatitis enteropathica — 187
- cardiac repolarization and SIDS — 67
- chronic recurrent multifocal osteomyelitis — 741
- Churg-Strauss syndrome — 367
- ethics of withdrawing nutrition and hydration — 139
- formula for GER — 483
